Activity Name: Working Together to Overcome Challenges of Rural Practice in Mental Health

Learning outcomes Watch this facilitated panel discussion of Jason's story be better equipped to:

- develop an improved understanding the challenges to provision of mental health care in rural and remote settings
- identify the key principles of the featured disciplines' approach in screening, diagnosing and treating people in rural and remote settings
- explore tips and strategies for interdisciplinary collaboration with relation to supporting people in rural and remote settings.

Time spent engaged in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
